About This Book.....	10
What Is This Book About?.....	10
What Is This Book Not About?.....	11
Who Should Read This Book?.....	11
Chapters and Flow.....	12
Summary.....	13
Chapter 2 – Fusebox Basics.....	14
Basic Fusebox Concepts.....	15
A Way to Arrange Code.....	15
A Way to Manage Growing Applications.....	16
A Way to Think About Applications.....	18
Fusebox Mimics Networks.....	18
Back to Thinking About Applications.....	21
Technical Fusebox Principles.....	21
File and Directory Organization.....	22
The Fusebox Evolution.....	28
Controlling the Flow.....	30
Exit Fuseactions.....	35
Finding Out More.....	36
Chapter 3 – “Traditional” Modern Fusebox.....	38
Wegot Widgets Explained.....	38
Application Configuration.....	41
Default Fuseaction.....	43
Parameters.....	43
Circuits Definition.....	44
Global Fuseactions.....	45
Initialization.....	45
Circuit Configuration.....	45
Fuseaction Definition.....	45
Summary.....	46
Chapter 4 – Going XML-less.....	47

Factor 1: Fusebox Parameters.....	47
Factor 2: Omitting fusebox.xml.....	49
Circuits.....	49
Global Fuseactions.....	50
Plugins.....	51
Factor 3: Omitting circuit.xml.....	51
Factor 4: Implicitly Locating a Circuit.....	52
Precedence.....	53
Putting It Together.....	54
Summary.....	55
Chapter 5 – Other New Topics.....	56
Dynamic Do.....	56
The Event Object.....	57
Application.cfc Support.....	58
myFusebox Updates.....	59
showDebug Property.....	59
getApplicationData() Method.....	60
getOriginalCircuit() Method.....	60
getOriginalFuseaction() Method.....	60
variables() Method.....	60
Summary.....	61
Chapter 6 – Directories as Circuits: Circuit.xml.....	63
Application Map.....	64
Application Configuration.....	65
Default Fuseaction.....	66
Parameters.....	67
Circuit Definition.....	67
Initialization.....	67
Fuseaction Definition.....	68
Summary.....	68
Chapter 7 – Directories as Circuits: CFM Fuseactions.....	70
Application Map.....	71
Application Configuration.....	72
Default Fuseaction.....	73
Parameters.....	74
Circuit Definition.....	74

Initialization.....	74
Fuseaction Definition.....	75
Summary.....	75
Chapter 8 – Directories as Circuits: CFC Fuseactions.....	77
Application Map.....	79
Application Configuration.....	81
Default Fuseaction.....	84
Parameters.....	84
Circuit Definition.....	84
Initialization.....	85
Fuseaction Definition.....	85
Summary.....	88
Chapter 9 – CFCs as Circuits.....	89
Application Map.....	91
Application Configuration.....	92
Default Fuseaction.....	94
Parameters.....	94
Circuit Definition.....	94
Initialization.....	95
Fuseaction Definition.....	95
Summary.....	98
Chapter 10 – Summary.....	99
